14 YEARS OF EXPERIENCE MANAGING CRITICAL DATA SYSTEMS

- Multilingual (native EN/ES) data science & engineering manager with work authorization for USA and MERCOSUR
  » Designed and carried out to completion many mission-critical projects in healthcare, education, and human rights.
  » At OpenAI and Google, trained ChatGPT and Gemini to know web programming and handle Spanish audio
  » Panelist, hackathon awardee, gave hundreds of technical and non-technical presentations to thousands of people
- Experienced manager for technical and non-technical international teams with budgets over US$5M
  » Created and led several dozen new technical project teams and applications, many that are still running many years later
  » Professional under stress of product launches, international expansions, federal audits, disaster response
  » Forward-thinking, good eye for technical/regulatory pitfalls; cross-references compliance plans
  » Managed company-wide purchasing for technology products and services
  » Authored plans reducing department IT expenses by >70% and boosting client retention
- Lead Full-Stack and Data Engineer for multiple commercial applications and websites
  » Agile, test-driven development in Typescript, Express, Node, Jest, Vite, React, Cypress, i18n
  » DBM: ETL, migrations, stored procedures and views in Postgres, MSSQL, Airtable, NoSQL, Salesforce, CRMs
  » Messaging, contracts, and ETLs: Kafka, RabbitMQ, OpenAPI/Swagger, n8n
  » Networking: All OSI layers, DNS, MX, email deliverability, DMARC, mesh and p2p networks
  » Infrastructure: Docker, Ansible, IaC, kernel modules, custom hardware
  » Custom applications for healthcare, financial management, project mgmt, marketplaces, gamified e-learning platforms
  » Carried out the full-stack design and rollout of several new servers, databases, CRM systems, and websites
  » Same-day mitigation plan for >$3M discovered cybersec exposure, remediation of bugs in decade-old legacy code
- Lead technical analyst and researcher on organizational data and infrastructure, with a focus on compliance and privacy
  » Data science, machine learning, and AI in Python, R, Julia, QGIS, D3.js, tidyverse, scikit-learn, pandas
  » Heavy, daily geostatistical analysis of various datasets on, for example, the entire population of NYC (n>8M)
  » In charge of HIPAA, PCI, VWA, HUD federal compliance and audits
  » 40,000x improvement in data science turnaround (1 week down to 5 min)
  » 400% increase in staff trained in data use and analysis
- UNIX and Linux since 1998, including system admin with Ubuntu, Arch, Red Hat, Debian, Void, Qubes/Xen, Tails, OSX.
  9 years managing protected healthcare data (patient info) & finance data (trading and ledgers)
  9 years managing environmental data (autecological and synecological)
  6 years of experience managing ETL pipelines in Python and R, and machine learning
  6 years of experience managing GIS pipelines, both static and dynamic, web and print
  4 years of experience with hardware radio and networking for multiple ISPs, Ubiquity, SBCs, ARM and 32 bit systems.

CLIENTS AND EMPLOYERS » @ Big Tech, five universities, a dozen startups, several dozen orgs

2012 – ongoing » North America, Caribbean, South America, Middle East

- Multiple year projects: American Red Cross, OpenAI, State University of New York, Adirondack Creamery, Cornell University, Columbia University, City University of New York, Violence Intervention Program, Fundación Irradia, Flatbush Tenant Coalition, Impacct, Housing Data Coalition, Stabilizing NYC Coalition, Right to Counsel Coalition, Anti Eviction Mapping Project, Housing Finance Coalition, Association for Neighborhood and Community Development...
- Also worked with: Google Gemini Labs, Meta, Chordline Health, Rockefeller University, Habitat for Humanity, Interfaith Center for Sustainable Development, Mothers Helping Mothers, NY Tech Guild, Increasing Community Unity, Creating Healthy Places...
- Regular repeat clients, three international expansions, multiple successful launches

MASTER OF SCIENCE, DATA ANALYSIS & VISUALIZATION » City University of New York

2021 – 2023 » New York, New York (thesis pending)

- » Focus on non-standard statistical distributions, machine learning in Python and R
  » Custom visualizations in D3.js, matplot, seaborn, ggplot, TEX, Leaflet.js
  » Doctoral coursework in demographic calculus and geographic theory

CT INFRASTRUCTURE DISASTER MANAGEMENT » Texas A&M Engineering 2018
BA POLITICAL SCIENCE & IR (QUANTITATIVE) » State University of New York 2015
HS ECONOMICS & BUSINESS MANAGEMENT » Mar del Plata, Argentina 2011

SELECTED EXPERIENCE

CHORDLINE HEALTH » 2025-2026 Data engineer
GOOGLE GEMINI LABS » 2025 Senior AI Trainer
WHITE PAPER FOR MEDICAL-LEGAL FIELD » 2025 principal researcher and author
MODULAR DOCUMENT GENERATION SYSTEM » 2025-ongoing Technical cofounder
RAPID MACHINE VISION CLASSIFIER FOR TBS OF DATA » 2025-ongoing Technical cofounder
FOOD SYSTEMS MANAGEMENT PLATFORM » 2024-ongoing Technical cofounder
OPENAI » 2024-2025 Senior AI Trainer, web programming
MAJOR SPECIALTY FOOD MANUFACTURER » 2023-ongoing Postmaster
FINTECH PROJECT MANAGEMENT PLATFORM » 2023-2025 Lead full stack engineer
GAMIFIED ECONOMICS E-LEARNING PLATFORM » 2022-2024 Lead full stack engineer
PEER-TO-PEER CLOTHING MARKETPLACE » 2023-2024 Lead full stack engineer
POLITICAL MARKETING AGENCY » 2023 Lead geopolitical consultant
MAJOR INTERNET SERVICE PROVIDER » 2023 Lead full stack engineer
MAJOR CLOTHING RETAILER » 2023-2024 Lead full stack engineer
VIOLENCE INTERVENTION PROGRAM » 2020-2023 Data & Research Manager
ANHD BANKING/CRA COMMITTEE » 2019-2020 Member
HOUSING FINANCE COALITION » 2019-2020 Geopolitical consultant
ANTI EVICTION MAPPING PROJECT » 2019-2021 Member
RIGHT TO COUNSEL COALITION » 2019-2021 Geopolitical consultant
FLATBUSH TENANT COALITION » 2019-2021 Geopolitical consultant
HOUSING DATA COALITION » 2019-2021 Member
COLUMBIA UNIVERSITY » 2019 Technical team manager
NYC MESH NET » 2019-2022 Member, volunteer
IMPACCT BROOKLYN » 2018-2020 Data & Research Manager
GOURMET CUSTOM SHOP » 2018-ongoing Technical cofounder
NY TECH GUILD » 2017-2018 Technical cofounder
AMERICAN RED CROSS
» 2017-2022 Supervisor, geostatistical analysis, casework
» 2017-2018 AmeriCorps
» 2016-2017 Finance team (v)
WHOLE FOODS » 2016 Specialty products team
HABITAT FOR HUMANITY » 2016 Fundraising consultant
CORNELL UNIVERSITY EXT » 2015 GIS consultant
MOTHERS HELPING MOTHERS » 2015 Startup consultant
INCREASING COMMUNITY UNITY » 2015 Startup consultant
CREATING HEALTHY PLACES » 2015 Startup consultant
INTERFAITH CENTER ON SUSTAINABLE DEVELOPMENT » 2014 Startup consultant, auditor
FUNDACIÓN IRRADIA » 2014 Startup consultant
ROCKEFELLER UNIVERSITY » 2013-2014 Development Intern
STATE UNIVERSITY OF NEW YORK AT GENESEO
» 2012-2015 Academic Program Assessment Committee
» 2012-2015 Research Assistant
» 2012-2015 Teaching Assistant
